Hyde Park Administrators Advance

Promotions at the end of the fall semester changed the administrators at Hyde Park High School. Dr. Milton J. Cohler, former Hyde Park principal, was advanced from Hyde Park District Superintendent to Assistant Superintendent of Educational Extension in charge of summer schools, evening schools, and Americanization. Dr. William Watters was promoted from the principal of Hyde Park to district superintendent of District 14.

In January, Dr. Arthur R. Lehne was assigned as principal of Hyde Park High School. He came from a previous position as director of the Bureau of Educational Expenditures of the Chicago Board of Education. Prior to this position he was principal of the Ericson School and teacher and administrative aide at Austin High School. He issued the following statement upon assuming his new position:

"It is with great pleasure that I join the educational team of teachers, parents and students of Hyde Park High School. Hyde Park is a school that can rightfully be proud of its past, of its current achievements, and of its promise to this community, this city, and this nation. Commendable indeed is Hyde Park's dedication to the respect for the dignity of each individual, nurtured in an educational program that provides opportunity for all."

Dr. WILLIAM WATTERS
District Superintendent

MISS FRIEDA BROOKS
Assistant Principal in charge of guidance.

Miss Brooks, our Assistant Principal, became the Acting Principal during the interval between the promotion of Dr. Watters to District Superintendent and the appointment of a new principal. She is a friend and adviser to students and teachers alike. The South Side Community Committee, Inc. awarded her a citation "for sincere understanding, deep concern and conscientious effort for the benefit of the youth of our community; for helping to instill those virtues and values which make better citizens for our city, state and nation." She says that her ultimate goal is to develop well-adjusted adults. "Our Miss Brooks" is always available for guidance.

MR. ROBERT ITNYRE
Assistant Principal in charge of administration

Mr. Itnyre came to Hyde Park two years ago from Foreman High School. He has endeared himself to the hearts of students and teachers alike with his fairness and impartial judgments. In charge of administration, he sees that everything is running smoothly throughout each day. He is in charge of boys' discipline and represents Hyde Park in court when need arises. His is the familiar face that appears at assemblies and athletic events. "The great Bob Itnyre" is a mighty popular and mighty busy man around Hyde Park.

MR. CHARLES McCARTHY
Acting Assistant Principal in charge of curriculum

Mr. McCarthy, mathematics teacher at Hyde Park, is substituting for Miss Margaret Johnson this year. Most of his time is spent working on the master program or helping substitute teachers. Around program sign-up time he can be found helping students and division teachers with their seemingly endless task. He says, "I enjoy my job working with teachers and students and hope that what I can do will contribute to the success of the program at Hyde Park."

Miss Theresa Lynch
Adjustment Counsellor

Miss Tillie Solfermoser
Attendance Counsellor

Experienced Counsellors Assist Administrators

Miss Theresa Lynch, Hyde Park's Adjustment Counsellor, is an important cog in the smooth functioning of our program. She bridges the gap between the contributing elementary schools and Hyde Park High School by conducting parent interviews at the ten schools. These interviews, along with certain test results, enable her to correctly place entering students into classes according to their intelligence, interest and learning ability. After students are enrolled, Miss Lynch directs a more intense testing program which is repeated in the junior year. Assisted by Special Service teachers, Mrs. Roselle Isenberg and Mrs. Esther Zemans, she counsels individual students about problems relating to their placement in our multi-track system.

Miss Tillie Solfermoser, the Attendance Counsellor, opens each busy day at 6:15 in the morning. If you should ever arrive in school at that time, take a peek into the Attendance Office and see for yourself. Miss Solfermoser will already be there conferring with parents who also must go to work early. For the past nine years she has been talking absences, tardies and transfers. For the past nine years she has been helping Hyde Parkers stay in school. Though Miss Solfermoser's pet peeve is dishonesty, she feels that most students can be depended upon to admit their errors. She instills a willingness to obey the rules and sets a good example by her early arrival and faithful adherence to our complex schedule.

Mr. Walter Dubyk
Placement Counsellor

Mr. Walter Dubyk was promoted from Hyde Park's Band Director to Placement Counsellor in 1958. He now dispenses college and career information to all who seek him out. College entrance and scholarship applications are handled in his office in addition to several college testing programs. He arranges for a College Night and a Careers Day at which representatives of many fields come to Hyde Park to advise our students. He also has a large library of catalogues and pamphlets for student reference. Whether it is a recommendation, an official transcript, a class standing, or a College Board score, Mr. Dubyk can be depended on to provide it.

With Innumerable Guidance Tasks and Problems

The Grade Advisers were divided into two groups this year. One group acts as class sponsors and handles the activities and discipline at individual class levels. Miss Friedlander sponsors the June graduating class. Miss Brennwasser advises the January class. Miss McGurk directs the Junior class while Mrs. Parry and Mrs. Maurer advise the Sophomores and Freshmen. The other advisers are called Attendance Advisers. Their sole duty is to reduce class cutting. All class activities such as parties, assemblies or dances must be cleared through a Grade Adviser. Requests for five majors, early programs and sequence requirements are only some of the student problems that Grade Advisers are called upon to settle.

English Department to Inaugurate the "Rutgers' Plan"

Hyde Park's English Department is the largest department in the school. It meets the needs of our diverse population by providing classes in five ability groups from minimum essential classes to accelerated classes for high intelligence groups. Added to the curriculum this year is a class in rhetoric taught by a visiting professor from the Southeast Branch of the Chicago City Junior College. College credit is given to those who qualify in the course.

Hyde Park expects to add experimental classes under the "Rutgers' Plan" sponsored by the Ford Foundation. Four of our teachers attended Rutgers College last summer to learn the mechanics of the plan. Basically it provides more time for both reading and composition by combining classes during concentrated reading periods. Additional teaching and supervisory personnel is provided for teaching these experimental classes. The English department expects to spend three thousand dollars for more books to be used by the students in these classes.

New Language Laboratory Improves Foreign Language Instruction

"Aural-Oral" teaching came to Hyde Park this year with the opening of our new Language Laboratory. "Aural-Oral" means hear and speak. By means of earphones and recordings, students now studying a foreign language can hear and imitate the pronunciation simultaneously. The necessary equipment was provided by an appropriation made through the National Defense Education Act. Among the variety of materials now in use are eight tape recorders, thirty-five sets of earphones, a slide projector, a record player, many tape recordings and records. Language classes use the new room once a week.

Five languages, Russian, Latin, Spanish, German and French are taught at Hyde Park. Russian goes into its third year. Latin students under Miss Gillogly won more awards in the State Latin Contest than any other school in Illinois. "S" ratings went to Judy Weissman, Michael Smith, Edward Sittler, Mary Tsien, Karen Pearl and Heidi Spitz. "E" ratings were earned by Naomi Margolis, Theodore Moran, Richard Grant and Martin Gross. Winners in German were Betsy Pitcher, Caroline Mason, Susan Salm and Judy Margolis. French and Spanish students didn't enter any competitions during the year.

Science Department Adds Adv. Biology

The Science Department has added a new class in Advanced Biology to keep up with the new scientific interest. Juniors or seniors with one year of physics or chemistry may experiment with animals or plants in this class. A refrigeration unit was added to the laboratory to keep the cultures fresh. In addition, the physics and chemistry laboratories have been completely remodeled from floor to ceiling. Partitions were torn out and floor plans changed. Now chemistry has two class rooms with a laboratory between which is shared by students from both class rooms. They are equipped with Geiger Counters and Oscilloscopes furnished through the National Defense Education Act. All eyes are on science at Hyde Park.

Math Department Adds New Course

The Math Department has added a new course, "Experimental Problems in Mathematics." Taught by Mr. Helm, it stresses the "why" instead of the "how." Five such experimental classes are now being taught in Chicago under the direction of Yale University. Five other classes are being controlled to use as comparisons. The course will cover algebraic structure of numbering systems, coordinate geometry, functions, vectors, sequences and series, and polar form of complex numbers.

Our team of senior math wizards, directed by Mrs. Shull, won the Wilson Math Contest for the nineteenth consecutive year last spring. The same team placed twelfth in an Illinois contest.

Social Studies Adds Contemporary Problems

The Social Studies Department, headed by Mrs. Charlene Castori, offers instruction in Community Civics, Economics, World Geography, World History, and United States History. Recently, a new course called Contemporary Problems was offered to seniors. Miss Friedlander and Mrs. Miners are teaching this course which deals with the solutions of recent American problems and their relationship to world peace and security.

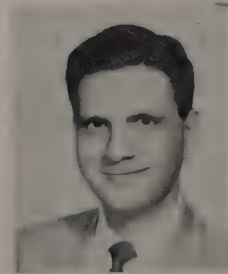

The students are now more interested in Social Studies because film strips have been introduced as part of the classroom instruction. Some films come monthly from the New York Times. Others are obtained from the Board of Education film library. Documentary films on World War II were shown recently. Films on political parties were shown before the national election. Mr. Williams' class in World History made their own film on the Congress of Vienna in 1815 illustrating the Metternich system. Other classes went on a guided tour through the Oriental Museum at the University of Chicago.

"Distributive Education" Added

Vocational Training is given in Hyde Park's Technical Department, Commercial Department and Home Economics Department. A new course was added to the commercial curriculum called Distributive Education. Students in this class have supervised work programs. They learn theory in class and get practical experience on the job in department stores, banks and offices. Basic business training, stenography, typing, office practice, merchandising, selling, and bookkeeping are also courses taught in the Commercial Department.

The technical subjects include printing, woodworking and industrial arts. Students learn how to operate machines and use hand tools. They can also learn the mechanics of setting type and operating a printing press.

In Home Economics, classes in foods, clothing and home management are available. The girls learn basic skills in addition to meal planning, interior decorating, budgeting, household care, and home nursing.

Creative Arts Win Recognition

The arts at Hyde Park High School, consisting of the Art Department, Music Department and Mechanical Drawing have continuously won awards in both city and national competition. Students Henry Banks, Ruby Featherstone, Geraldine Franklin and Toby Hayman won national recognition in the spring of 1960 for sculpture and crafts exhibited in New York at the "Scholastic Art Awards" exhibit. Hyde Park's Band, A'Cappellas, Girls' Chorus and Boys' Chorus received "S" ratings in citywide competition. Mechanical Drawing students have won awards for participation in the Chicago-Land High School Drawing Competition. Creativity is important in predicting future success for teens. Our students have the opportunity to develop this trait.

Boys' Gym Gets New Bleachers

The R. O. T. C. and Physical Education Departments provide the physical activity necessary for healthy teenagers. The boys' gym is always in a state of animation. Anyone walking in must dodge basketballs or climb over hurdles. Collapsible bleachers were installed this year to provide more space for spectators. A new traffic safety course is now being offered to Sophomores in place of one gym period.

The girls are also being offered a driver's education course in their second year. Leaders and advanced girls' gym classes supplement the regular work and provide opportunity for coaching. These girls may take a national scholarship examination which enables them to receive scholarships from various colleges.

The R.O.T.C. promotes military discipline. It gives a boy a head start toward a non-commissioned officer's rating should he choose the army for a career.

There's trouble for Susan Hubble when she encounters speedy Martha Thompson and a fast hockey ball in a game against Advanced Gym.

At ease! The R.O.T.C. patrol is ready for Federal inspection.

The Lunchroom is the most popular spot in school. When class is dismissed, the students rush for their favorite tables. Some wait in long lines for chili or other selections in the cafeteria. Others line up for just milk or chips. When the inner man has been satisfied, they relax for friendly chatter or catch up on last minute home work. Club officers often get together to plan meetings. Tired ones get forty winks.

Country lass, Mrs. Farr, models farm garb.

The square dance is called by Miss Marston.

The clicking of castanets provides snappy flamenco rhythm for Mrs. Petrie.

Square Dance Featured

The audience grew silent as the lights were dimmed. The orchestra laid aside its bows. It was a tense moment as the curtains parted, but the stage was empty. One by one strange creatures appeared from the side wings. Could that person in shimmering purple Chinese pajamas be Mrs. Cordesman? Could that tiny lass in frilly blouse and black hat be the head of the English Department, or that baby doll in black leotards, short, short skirt and hair ribbon be the dignified Mr. Simmons? Ah yes, 'twas so. The Faculty Show had begun its program of feature acts.

The Charleston has Miss Cohen and Mr. Duncan kicking.

A daring tightrope act is faked by Mr. Simmons.

At Faculty Frolics

A square dance began the entertainment. Miss Marston took the mike, calling, "Swing your partner." Mr. Itnyre and Miss Brooks joined the merry throng as they swung and swayed the light fantastic. Mrs. Petrie appeared as a Spanish Carmen, complete with castanets. Mrs. Hawkes rendered a Hawaiian hula she had learned while visiting the islands. Mr. Duncan, the director, and Miss Judy Cohen kicked into their number with a fast Charleston. Mrs. Winrow and Mr. Ramsfield appeared from nowhere with operatic arias. Everyone had a good time.

Again, Miss Brooks and Mr. Oliver trap Mrs. Parry.

Soft notes and sweet music are provided by our operatic contralto, Mrs. Winrow.

Parents Visit Hyde Park During

Open House, under P.T.A. sponsorship, is held during National Education Week each November. Parents visit Hyde Park during the evening to talk with the teachers and to see the school's accomplishments. This year an art exhibit was featured in the Social Room and in the District Supervisors' Office. Paintings, sculpture and ceramics made by students were on display.

The "Hyde Park Quiz Bowl," a panel answer program, was presented in Loomis Hall after the parent visitation. Top honor students from Sigma Epsilon and the Student Council matched their wits over questions proposed by a teacher panel. The fifty dollar prize donated by the National Bank of Hyde Park went to Sigma Epsilon to strengthen their scholarship fund for a worthy student.

Open House and College Night

College Night was held on Thursday, November 17, 1960 at 7:15 P.M. under the supervision of Mr. Dubyk, our college counsellor. There were three sessions during the evening at which the representatives from each school discussed the admission policy. Expenses, programs of study, scholarship possibilities, housing and extra curricular activities were outlined by the counsellors.

This year, over forty colleges and universities were represented including schools of nursing, art, drama and business. Some of the other schools included were the University of Chicago, Purdue University and Antioch College. Some of the representatives were former Hyde Park graduates. The counsellor from the University of Illinois drew the largest crowd of parents and teachers.

Former Hyde Parker, Alice Newman, discusses Bryn Mawr with Ann Draznin and her mother.

The night began with food for counselors.

Full of vim, vigor and vitality, Mrs. Winrow calls for a ric-tic from the audience.

Interruptions began when cellophane capped scorekeeper, Mrs. Petrie, and mink draped water girl, Miss Brennwasser, hurried down the aisle to take over their varied duties on the stage.

Faculty Volleyball Game Proves

The long awaited Faculty Volleyball Game is at hand. The players dressed in typical gym attire come on the court, one by one. Most of the uniforms are the same, pajamas, shorts and bare feet, except for the long johns worn by Mr. Smith. Mr. Rosenshine doesn't look quite right in his Cuban Revolution gym suit without his fuzz. Mr. Helm has a little trouble getting into his wife's dress. Otherwise, the players are ready for the whistle to blow.

But wait! Who's this running up the middle aisle of Loomis Hall? It's Mrs. Petrie in her roaring twenties scorekeeper dress, and Miss Brennwasser, the watergirl, complete with bucket. Now everyone is set. Mr. Hasan blows the whistle and the game is on. Mr. Macarow serves the ball and Mr. Oliver returns it. Mr. McCarthy bats it to Mr. Bins who nearly falls on his face in a dive. The whistle for the half blows. The score is $6\frac{1}{2}$ all in a real thriller.

"Hyde Park will win," shout Mrs. Lois Winrow and Mrs. Farr, cheerleaders for a day.

"Atlas" Mr. Simmons is always on the ball.

Gay majorette, Mrs. Smith, twirls a baton.

It's true! Mr. Rosenbaum needs more hands.

Height is his aim. Mr. Smith plans using his ladder to get the ball over the net.

Fun Favorite

The Faculty Cheerleaders and Major-ettes appear during the half. They entertain while the players nap. The second half begins with a change of ball, this one, four feet in diameter. Mr. Smith uses a ladder for better control. With the score tied and seconds left to play, the final point is scored by Mrs. Petrie who isn't on the team at all. The bad guys win $11\frac{1}{2}$ to $10\frac{1}{4}$ over the good guys, thus ending the annual Faculty Volleyball Game.

Barefooted Mr. Helm retreats from the game.

Out come the tangles in Mr. McCarthy's beard when Mr. Hasan combs and combs and combs.

January Senior Varieties Filled

The Dance Band struck up a lively tune while the audience waited for "Entertainment International" to begin. The curtains parted showing six seniors, Patricia Bell, Renee Hinton, Sally Schapiro, John Burger, Jerry Lazar and Booker Morris on board ship, all prepared for a trip around the world. Chorus girls, swinging dukes, crooners and fascinating instruments entertained the students as they sped through bright blue waters. The boat landed first in Europe.

English night life proved a bit dull but the "Variations on a Rumble" in the streets of Paris were quite exciting. The R.O.T.C. Drill Team, on duty in Europe, met the touring party and gave them quite a time. The cold in Switzerland was tempered by the warmth of Spain where gypsies danced around camp fires and displayed their "Golden Earrings." Russian dances from the old empire portrayed Russia's golden past. Israel, Japan and the West Indies proved colorful indeed.

Cancan dancers are Jackie Hoffman, Theda Pearson, Marcia Williams, Sandy Adams, Carmen Gray, Sharon Jacobs and Olivia McCoy.

the House

Hyde Park's January Senior Varieties, directed by Miss Raymonda Greene and Miss Donna Hambric, filled all seats in Loomis Hall and then some. Standing room outside in the cold was as close as some could get. The music, the dancing and the acting all upheld Hyde Park's reputation for excellence. The students and directors both learned by doing and ended with one of Hyde Park's finest evening productions. Congratulations are in order for everyone who participated.

"The Stony Island Story," presented April 1, 1960, consisted of two concurrent performances. Each was repeated so that all could see both shows. "Gym Jam-boree," presented by the Girls' Physical Education Department, was held in the Boys' Gym. It portrayed activities such as tumbling and square dancing taught in all girls' gym classes. Approximately four hundred girls participated. The other attraction, "The Devil and Daniel Webster," was presented in Loomis Hall by the English Honor Players.

"Gunsmoke" by Modern Dance Club is enacted by Pat Baker and Marvinia Randolph.

by Stage Shows

In "The Devil and Daniel Webster," Jabez Stone, a New Hampshire farmer, sold his soul to the Devil. On the night of Stone's wedding, the Devil appeared to collect, but the reluctant Jabez was saved by Daniel Webster. The cast included Jack Brodnax as Jabez Stone, Leon Cammon as the Devil, and Jack Teplitz as Daniel Webster. Each year a Hyde Park student is helped to finance his college education through the efforts of our P.T.A. Money collected from both performances went for this purpose.

The Senior Prom Proves

The Skylight Room at the Sherry Hotel was swathed in white festoons and soft lights. Norm Krone and his orchestra were ready on the platform to begin the January Prom. Starry-eyed seniors began to arrive with their dates. Soon, drifting in dreams, they were encircling the dance floor wrapped in each others arms. Soft music enhanced the charm of the evening. Some parents and honored guests joined the young people as they swayed and swung around the floor. Happiness was in its zenith as the prom continued. Couples paused to have their pictures taken or to promenade in the foyer. Excitement mounted as time progressed toward midnight.

Cinderella, Betty Williams, arrives with her eyes all aglow and is given ■ helping hand from her prince charming, Magellean Tate.

One Enchanted Evening

The Prom Committee retired to count the ballots for the king and queen. An unexpected hush descended on the dancers. Suddenly a fanfare of trumpets announced that a decision had been reached. Peter Lewis, committee chairman, mounted the platform carrying the scepter and crown of real carnations. The winners were — diminutive Janice Miller and handsome Booker T. Morris. Dr. Lehne placed the crowns upon their heads amid shouts of hearty congratulations. "Long live the king." "Long live the queen." All too soon the strains of the last waltz were heard. Wistful couples drifted away toward cars and homes to dream of more delightful evenings or of graduation, yet to come.

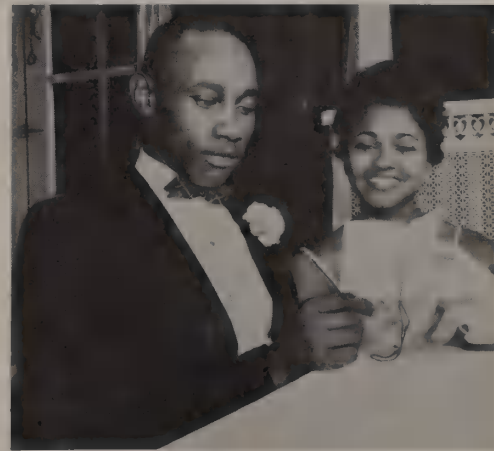

Excitement runs high as happy couples drop the deciding votes into the ballot box.

Aitchpe
King**

Hail to the Chief, Richard Cotton

Aitchpe King of '61 is really quite a guy
With such charm appeal, we know why.
As valedictorian of his class in June,
It's easy to see why girls over him do swoon.
Our king always smiles, rarely does beef,
The "Hydeparker" he leads as Editor-in-Chief.
He served on Audio Visual, Student Council, and the Swim Team.
As president of Sigma and Senior Math Honor,
he was always on the beam.

Four civic awards, our king has earned.
As tutor, from him, others have learned.
"Hydeparker" photographer and Philosophy Club we must add.
To forget Sigma treasurer and Program Aide would be quite sad.
Hyde Parkers, we loudly proclaim, Richard Cotton our king by
name.
May he quickly travel along the road to fame.
We're sure he'll succeed in the school he elected,
And do great things in any business selected.

1961 Aitchpe Queen

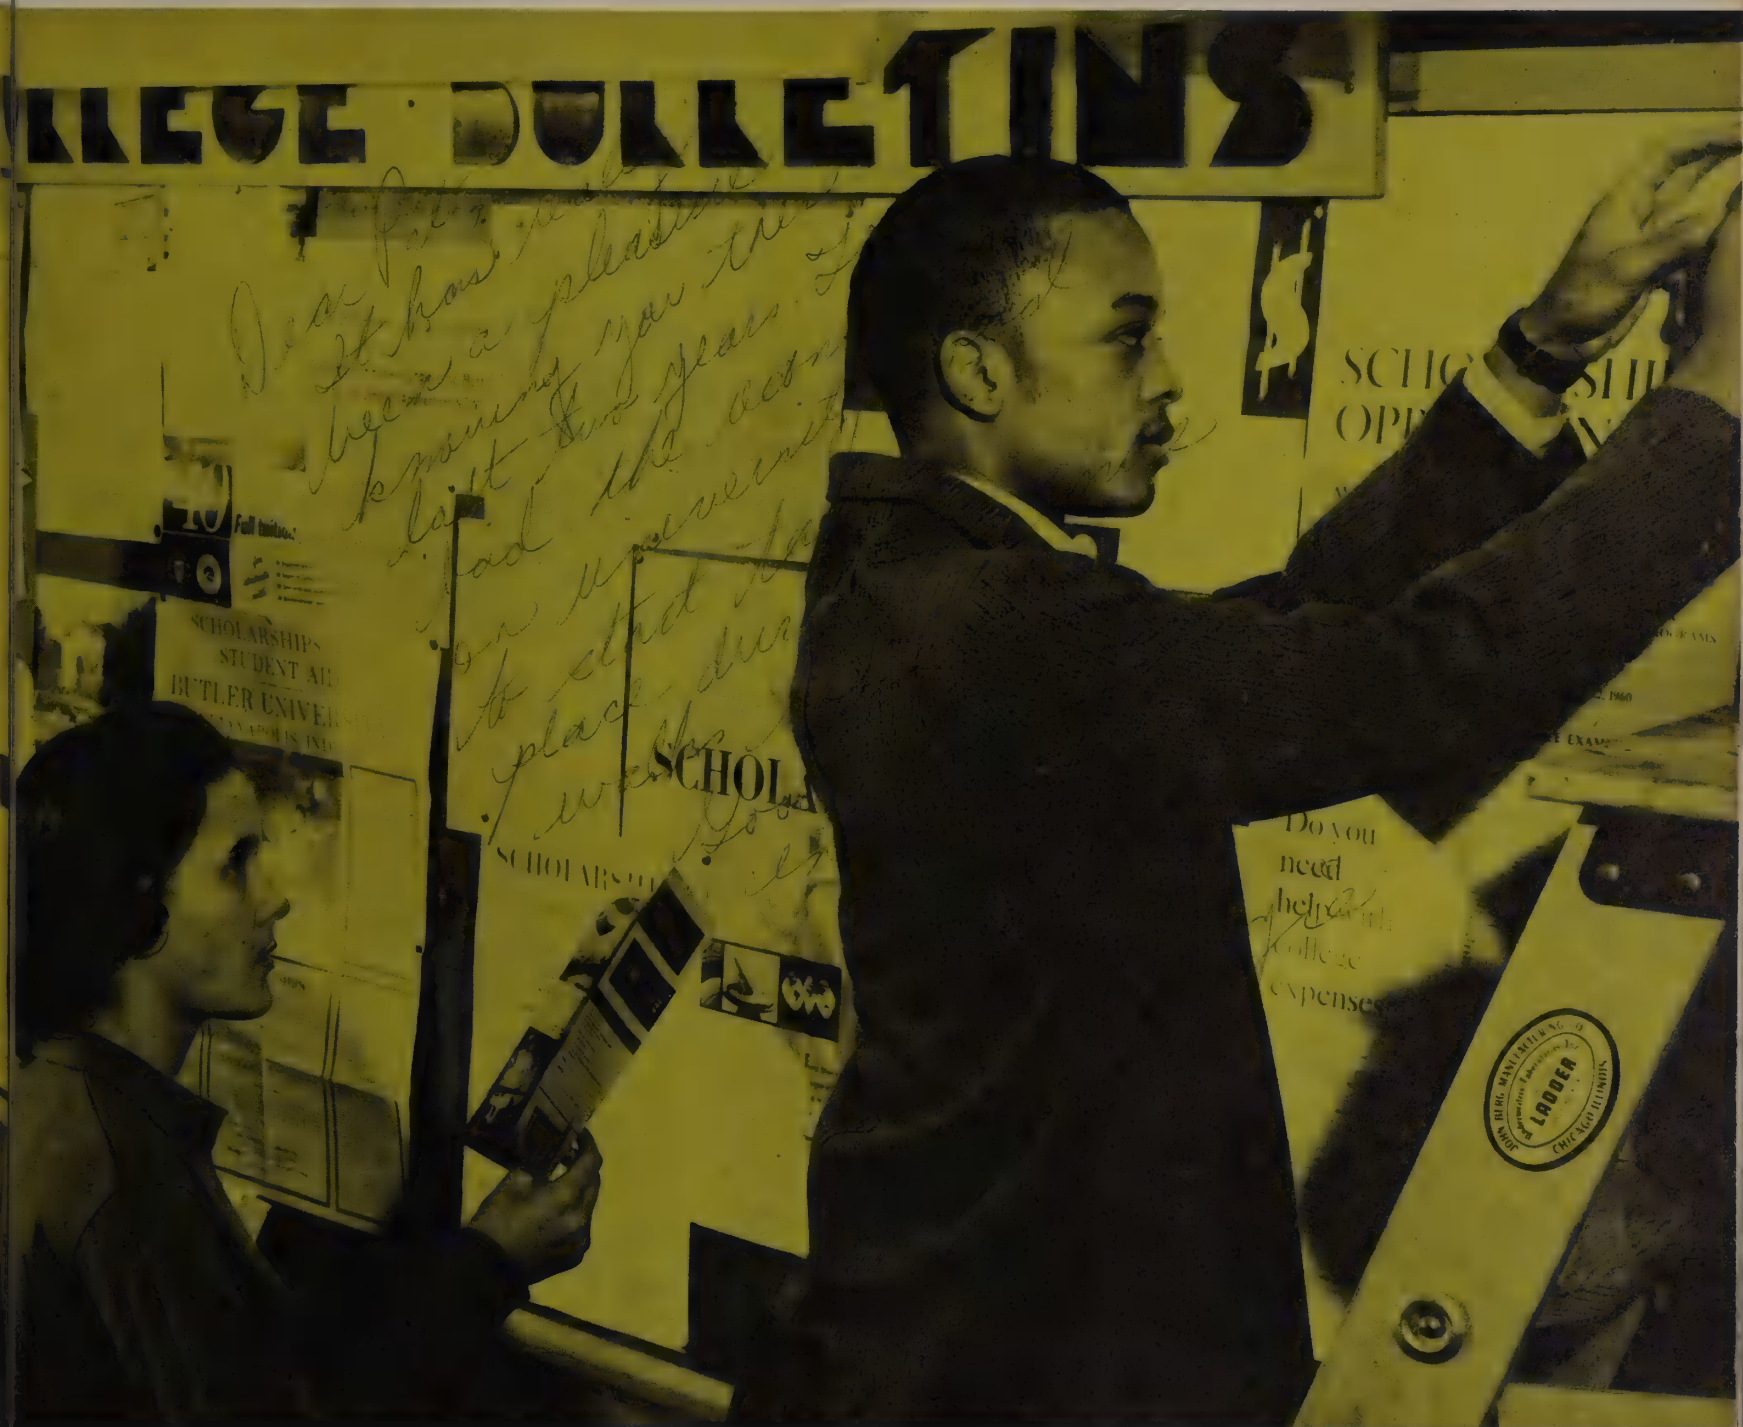

Three Cheers to the Leader, Sally Schapiro

Aitchpe Queen for '61 is a gal very rare,
Noted by all for her bright red hair,
Her sweet smile and shining eyes of blue.
She's a four year Sigma, quite active, too.
Math Honor, Neptune's Daughters and Student Council brought
her fame.
As a cheerleader, our gal never missed a game.
In offices, Adjustment, Attendance, Grade Advisers and
Program, as aide,

She earned civic awards for after school hours she stayed.
Also active in clubs, Pep and Philosophy,
She entered the Science Fair without a catastrophe.
Elected as secretary of the Senior Class,
She takes notes of events as they pass.
May great happiness and success be hers to hold.
The time is here when her name can be told.
It's to Sally Schapiro that our worthy praise goes.
She deserves it from her head to her toes.

A Freshman Class Council, consisting of the class officers and representatives from each freshman division was organized early in the fall semester. Mrs. Adah Maurer, the class sponsor, hopes this organization will help the freshmen become better acquainted with the opportunities at Hyde Park High School. The entire class met on October 4, at an Orientation Assembly to which the mothers were invited. Mr. Dubyk, placement counsellor, discussed the courses necessary for those planning to enter college. Mr. Moseley talked about the new Distributive Education program for those who wish to study sales and merchandising. Miss Solfermoser outlined the attendance policies. Dr. Watters and Mr. Itnyre urged the students to join school activities and to attend athletic events.

Previously Hyde Park had no organized guidance for sophomores or juniors. This council is headed by the class officers and Mrs. Katherine Parry, class adviser. They have been meeting to debate and discuss ideas submitted to the representatives. Fun and serious topics were on the agenda. A sophomore assembly, a Christmas party, and a spring picnic created more unity among the class. School problems such as keeping the lunchroom and washrooms clean were discussed as part of the class responsibility and obligation.

Junior Class Officers: Clara Jones, Pres.; David Prosten, Veep; and Nikki Komatsu, Sec'y; discuss matters concerning upperclassmen.

Tired of playing second fiddle, the Junior Class has decided to compete with the Senior Class for prominence and recognition at Hyde Park High School. The Juniors claim they have just as high averages, enter as many activities, and win as many prizes as their older rivals. To prove all this, the Juniors have launched a program of activities second to none. Ask anyone who went to their Christmas party and contributed to the purchase of a Junior Class bulletin board. Ask any prominent Junior whose name is proudly displayed on this board for all to see. Ask anyone if this year's class isn't the best Junior class in Hyde Park history.

Responsible for all this activity are the class officers, Clara Jones, David Prosten, Nikki Komatsu and Graceann Crawley. Much help was obtained from the class sponsor, Miss Ruth McGurk, whose interest in the group helped organize the class.

"Wear it proudly," says Miss Cohen to George Johnson, Klaus Busch and Shelly Bernstein.

Congratulations and a pin go to Elizabeth Cody.

Sigma Epsilon

Sigma Epsilon, the oldest high school honor society in the country, has had its face lifted. The membership requirements have been revised so that it is not only an honor but a responsibility to wear the pin. The qualifications of an "E" average with no "F's" in any subject have been maintained. In addition, a member must take an active part in some committee and attend meetings regularly.

Pins New Members

Highlighting the meetings was a Presidential Election party where the members had a chance to voice opinions. A Republican and a Democrat from the University of Illinois debated the merits of each party. Sigma sponsored a Tag Day to raise money for a scholarship. They entertained the faculty at a tea and participated in the "College Bowl" where they defeated the Student Council with their correct answers to the most questions.

Student Council Entertains

The Student Council and school spirit go hand in hand. School spirit means enthusiasm for school activities. To promote enthusiasm, the Student Council passed a resolution calling for the sale of Activity Tickets to the student body. Thus the students can have more activities for less money as the cost of the ticket is less than the total individual payments.

Student opinion can be voiced at bi-monthly meetings of the Student Council. Every division is represented in this forum of one hundred and fifty. School organizations send their representatives to these meetings. The widely diverse viewpoints expressed by these people stimulate active discussion and debate, making the council a truly democratic group.

At lunch time, the officers, Mary Tsien, Ilene Barmash, Allen Stessman, Edward Benson, Richard Grant and Edward Block get together.

Sponsored by the Student Council, square dancers Mr. Medford, Mrs. Isenberg, Mr. Itnyre and Mrs. Craig do a jig for the Stage Show.

Activity Ticket Holders

Every Student Council member must be active in at least one committee. The Human Relations Committee, of vital interest to our school, has obtained many prominent speakers this semester to talk on local and national problems to our students. Other committees are Scholarship, Steering, School Spirit, Constitution, Publicity, and School Improvement.

Entertainment for all Activity Ticket holders consisted of a Faculty Volleyball Game and a Faculty Stage Show in Loomis Hall. The major work of the council for the year was to lay a foundation for a Student Service League. This group would organize student services for teachers. The School Improvement Committee plans a new guard system.

The "1961 Aitchpe" Staff

Once again, the "Aitchpe" is presented to you, the students of Hyde Park High School. Once again, you have a good year-book which should win prizes. Once again, all students have the opportunity to have their pictures in the "Aitchpe," some many times. Once again, the book contains an accurate index for your special benefit.

Loads of work confront devoted annual staff members, Marilyn Hoffman, Leslie Kramer, Anne Cohen, Carolyn Hanson, and Sandra Falk who discover that the never-ending need for novel ideas demands hours of research and concentration.

Presents Your Yearbook for Your Pleasure

The theme of the "1961 Aitchpe" is Your Obligations. The staff has met many obligations to you, Hyde Park students, by getting the book to you on time, early in June. They have worked hard three periods a day helping the photographer, writing copy and dreaming up picture captions. They present fresh ideas and imagination in recording the Hyde Park story.

The staff wishes to thank Root Studios and Taylor Publishing Company for their excellent work. The staff wishes to thank the Principal, the Assistant Principals and all the teachers for their wholehearted support. The staff wishes to thank you, the students, for buying the book. We hope you get many hours of pleasure from its pages.

Long hours and many days of concentrated effort are required of Mosella Nelson, Michele Bernstein, Marquita Jones, Rosemarie McGrath and Judi Shire who work to get the "1961 Aitchpe" ready for the printer when he comes for the copy.

The Hydeparker

"The Hydeparker," Hyde Park's newspaper, published its first paper in 1912 under the title "Hyde Park Weekly." At that time journalism credit was given to staff members who could pass the examinations. Miss Rubetta Biggs, the adviser, was the guiding influence of this prize winning newspaper for many years. "The Hydeparker" of today is published every two weeks. Under the leadership of Mrs. Bernice Cohen it continues its excellent heritage and consistently wins Quill and Scroll awards.

Covers News

News coverage is "The Hydeparker's" first responsibility. News that is fresh, unpublished and interesting appears on its pages. Important school events, honors, awards and interesting side lights are announced or discussed on the front page. Editorials, student opinion and personalities are second page news. Columns and "chit chat" make up the third page while sports fill the last page. New this year is a lovelorn column called "Lulee." If it's news, "The Hydeparker" has it.

The Election Commission

The Election Commission swings into action twice each year. This is the time when the uppermost topic in everyone's mind is the election of class officers for the coming semester. Members of the Election Commission enthusiastically tackle the job of presiding over the procedures. With the assistance of the sponsor, Mr. Smith, it makes plans for the check of candidate qualifications, the ensuing assembly and the balloting.

At two election assemblies the candidates for class offices present their qualifications to the students. The freshmen and sophomores speak one day, the juniors and seniors, the next. The assemblies start with a parade of the candidates down the aisles of Loomis Hall. Each hopeful carries a placard with his name and office upon it. Some of the candidates dress up in fancy costumes or perform little skits for the benefit of the audience.

The stage is crowded with excited candidates for class offices mentally reviewing their speeches as they anxiously await turns.

Has Assemblies

To simulate regular public elections, the commission borrows the Chicago election machines. Practice voting on these machines helps Hyde Parkers become better citizens when they reach voting age. Each student running for an office must pass rigid qualifying requirements. "G" averages are required with teacher recommendations and student petitions. Any student who wins in the election can well be proud of his achievement.

P.T.A. Scholarship

The Hyde Park P.T.A., under the leadership of Mrs. Wm. P. Quinn, has been very active this year. It worked very hard selling pens, pencils and Christmas gifts to the students to replenish their scholarship fund. Each semester, a graduate is helped into college by the P.T.A. The big event of the season was an evening Open House for parents and teachers to talk together. Assisting the P.T.A. are a group of students known as the P.T.A. Advisory Council. These students act as a liaison between the student body and the P.T.A. at Hyde Park.

Rules and regulations are thoroughly explained by Mr. Itnyre to mothers and fathers of incoming freshmen. Dr. Watters speaks to them next.

SENIOR MATH HONOR OFFICERS

President, **Richard Cotton**; Vice-President, **Dean Chandler**; Secretary, **Sally Schapiro**; Treasurer, **Clarence Parham**.

Senior Math Honor, sponsored by Mrs. Eva Shull, has been a non-credit class for Hyde Park's top math students for many years. Originally called the Pythagorean Club, its exclusive membership met the rigid requirements of at least three years of high school math with not less than four "S" and two "E" grades.

The present large organization gives students a chance to review for the Wilson Math Contest and to study for college "placeout" tests. The group has walked away with the Wilson Math Contest in Chicago for nineteen consecutive years. The group studies Analytic Geometry and Calculus.

The **Conservation Club** has studied a great variety of conservation problems since its organization in 1939. Hyde Parkers Explore Careers in Education,

F.T.A. OFFICERS: President, Myrtis Brown; Vice-President, Myra Mayer; Secretaries, Edna Calloway and Judi Shire; Treasurer, Sandra Johnson; Historian, Olivia Anderson.

The Future Teachers of America is a national organization composed of students interested in teaching as a career. The idea originated with Mr. Robert Hutchins, President of the University of Chicago. He thought that teaching should be presented to young people as an interesting and challenging occupation. Our chapter presents the pros and cons of the profession to its members.

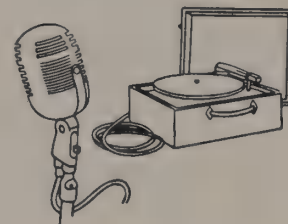

The Future Welfare Workers is the first club of its kind to be formed by high school students who have actual field experience in welfare work. The members of the group donate their time each summer to hospitals and other institutions. Some help with children or read to the aged. All have the satisfaction of serving while learning from work in outstanding social organizations.

Social Service and Stage Force

Hyde Park's Stage Force is composed of twelve magicians who do tricks with lights or mikes. By manipulating spots, floods or footlights, they can transform a rather drab stage into a winter wonderland. More tricks, and the stage becomes a summer fantasy. Orange to blue, and day becomes soft twilight. Strong spots make weird shadows that dance across the backdrop or the actors.

Microphones placed strategically about the stage can make or break a performance. Whispers or howls are produced by a twirl of the dial. An occasional tape recording introduced at the proper moment can enhance the most sophisticated drama. The Stage Force Boys must be real artists indeed to manipulate all the equipment at their disposal. Under Mr. Gaskins, the boys become very expert.

In citywide competition, they have received "S" ratings consecutively from 1955 to 1960. Mr. Jerome Ramsfield, their director, makes sure that his group is kept on its toes in the event that a special occasion might arise. Instrumental Music Awarded

The **Concert Band**, directed by Mr. Earl Madison, is composed of students who have had at least one year of work with a wind instrument. The majority have had no other instrumental training. Instruments can be rented by the beginners. After a year they are encouraged to buy their own. Once in Concert Band a student may continue there either for credit or for activity points until he graduates.

Congratulations are in order for the Superior rating that the Concert Band received in citywide competition in April, 1960. This was the first such rating in six years. The band can be heard at football games, assemblies, the annual Pop Concert and the Spring Music Festival. Included in its repertoire are "Waves of the Danube," "Latin Lament," "Colorama," "Sleigh Ride," "Cumana" and the "Triumphal March."

Honor Ratings in City Competition

The Concert Orchestra has been upholding Hyde Park's fine reputation for about forty years. It was organized back in the early twenties by Miss Katherine Finley. Now under the able direction of Mr. Pilat it continues to fiddle favorites for Hyde Park audiences. It takes about one year's training to enter the Concert Orchestra. Individual orchestra letters are awarded to members after one year's hard work and active participation. Rhythmic precision and fine tone are the aims of its members.

The city wide contest is the all important event of the year for the orchestra. Much to their delight, the players have received "E" rating over the past years. They practice twice daily for this event and programs such as graduation and pop concerts. An auxiliary group of the orchestra is the String Ensemble made up of ten to twelve players. This group of more advanced students practices during its spare time. This ensemble is a sample of the best string section Hyde Park has had in a long time.

Dance and R.O.T.C. Bands Provide Music

The **Dance Band**, sponsored by Mr. Earl Madison, is led by the student director, John Cody with his wailing saxophone. It furnishes the music for school dances such as the senior "Ballot Box Bop" and the sophomore "Slop Dance." Sounds from its sixteen instruments blend together to enchant the dancers. Its simple "beat" music or complicated savage rhythms set hands clapping and feet tapping. No type of popular dance music is too difficult for this band which often composes its own complicated dance numbers.

Entertainment is provided by the Dance Band for "Senior Varieties," the "Faculty Stage Show" and the senior breakfasts. The band features its own specialty numbers or accompanies songs and dances being performed on the stage. Almost all the sixteen members have solo specialties which they can produce. Tricky down beats and complicated harmonies lend added zest to their music. Ralph Lickton tickles the ivories on the piano while John Cody pushes the stops on his saxophone to coordinate their repertoire of popular tunes.

The **Dance Band**, with Ralph Lickton at the piano and John Cody directing, plays the accompaniment for "Senior Varieties."

for Hyde Park's Special Entertainments

The R.O.T.C. Band is composed solely of R.O.T.C. cadets who play instruments with some ability. Mr. Earl Madison, the director, has worked with its forty-five members untiringly to produce an outstanding band. It is the only Hyde Park band in uniform. In school, the band has played at all pep assemblies and at miscellaneous gatherings in Loomis Hall. The band is usually out on the football field marching between halves, arousing the enthusiasm of the students, and cheering our football team on to victory each season.

Our boys in uniform were especially proud and honored by an invitation to play between the halves at the All-Chicago Football Game between the Public League champions and the champions of the Catholic League. They participated in Chicago's Clean Up Parade sponsored by Mayor Daley and marched in the parade on Armed Forces Day. The band also took an active part in many community parades. The band always receives much praise when it marches in review during the Annual Federal Inspection of the R.O.T.C. Cadets.

Soldiers Field provides a classic background for the R.O.T.C. Band at city championship game.

Organizations Add Interest

English Honor is composed of students with better than average English grades and acting interests or abilities. They join with the intention of enhancing and developing these talents. Meeting daily under the guidance of Mrs. Corine O'Neil, the members have a fine time reading, discussing and creating theatrical productions. Starting from an understanding of dramatic theory, the class progresses from a study of Greek and Roman drama, through Medieval and Elizabethan drama, to present day works.

Classic drama stimulated the group into presenting plays by such dramatists as Sophocles, Shakespeare and Moliere. The group stages plays for their own enjoyment as well as for assemblies and evening gatherings. The students are their own directors, stage managers and scenery designers. Behind stage, they paint the scenery, rustle the props or fiddle with lights. All members acquire stage presence and better diction while learning the principles of fine acting. In English Honor there are "Great Expectations."

and Give Breadth to Our Curriculum

The Hostess Club began when it was found that hostesses were needed to serve at faculty social functions. Sandra Johnson, Marilyn Colley and several others of the group thought it a good idea to organize into a club. Juniors and seniors are eligible for membership. Under Mrs. Nickin's guidance, the girls serve at all adult functions. While serving their school, they gain poise and learn the art of party service. Each one receives an occasional cookie when the guests have departed.

"*Geselligkeitsverein*," commonly called Hyde Park's German Club, was formed in September, 1922 by the advanced German students. Then called "*Der Deutsche Verein*," the club stressed a study of the German people. The programs have been extended to cover the historical background, the customs, the culture and the language of Germany. Films and slides add interest to the programs. German songs make the meetings gay and colorful.

Money entails responsibility. Treasurer's aide, Edward Benson, makes out a receipt for Robert Schwartz's lost book payment.

Office Aides Facilitate Speedier

The **Treasurer's Aides** must be honest, accurate and hard working. A great responsibility is theirs for they must account for every penny that goes through the little barred window. Sometimes all they have to do is help Mrs. Goldsberry with the accounts or type letters for her. Other times they roll coins, write receipts, sell tickets or do sums on the adding machine. Many a Treasurer's Aide has found a good job as cashier or accountant upon graduation.

The **General Office Aides** are eager beavers when it comes to reporting early or staying late. Some on the early shift can be found behind the office counter by seven fifteen. Some on the late shift stay around until four o'clock. All on duty act as receptionists, run errands, distribute the mail, keep the files in order, and help the clerks with their innumerable duties. Some act as special helpers for the assistant principals or the registrar in charge of records.

Accomplishment of Routine Chores

The **Attendance Aides** at Hyde Park High School don't visit the neighboring "hang-outs" looking for truants but they do contribute time and energy keeping students in school. Under the supervision of Miss Tillie Solfermoser, attendance counsellor, and other teacher assistants, they keep the records in room 117 in order. They collect the daily absence lists and sort them for mimeographing. They also assist with the tardy line by stamping and inspecting the time cards.

Bookroom Aides or bookworms—which are these conscientious students? They can be found weaving in and out of Bookroom aisles armed with stacks of texts or searching for hidden volumes of forgotten lore. They are the efficient aides who keep our teachers supplied with their favorite texts and reference books. A word from Mrs. Liska or Mr. Curtin and somehow the aides manage to find any and all books requested from that strange and mysterious cellar, the Bookroom.

Service Aides Assist

The student aides, who assist Miss Lynch and Mr. Dubyk, are dependable and hard working. They gain valuable experience while typing, filing and mimeographing. Messenger service is an important part of their work as Hyde Park is large and many rooms are far from the Adjustment Office. Mr. Dubyk's collection of college catalogues is organized and distributed by the aides who also care for the scholarship information bulletin board. Service points leading to awards can be earned for honest effort.

The Special Service Teachers, Mrs. Roselle Isenberg and Mrs. Esther Zemans, assist the Adjustment Counsellor with the intense testing program at Hyde Park. They administer tests and keep track of the scores. When unusual results are discovered, the students are referred to Miss Lynch for special guidance. Another duty is to program entering freshmen into correct lanes. Both teachers actively maintain divisions. Mrs. Isenberg has the Orientation Division of students from other states.

Ready and willing, the Special Service teachers advise Penny Fisher.

With Office Routine

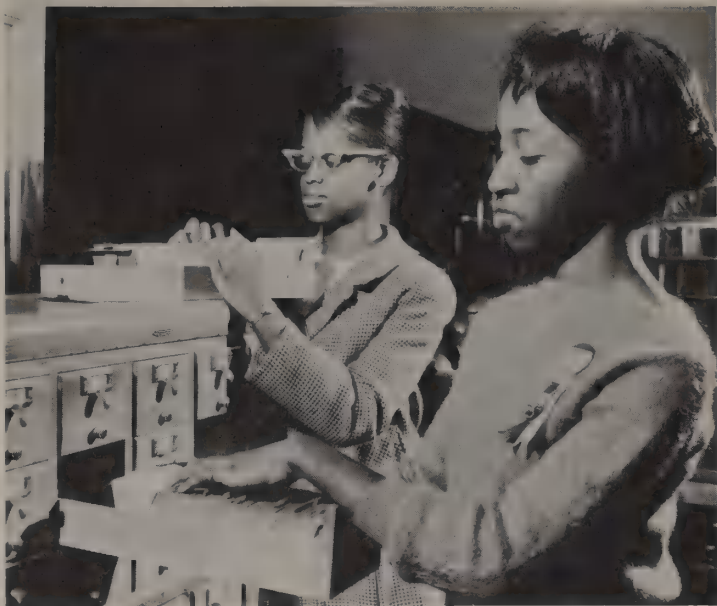

The Grade Advisers' Aides are expert in interpreting the many questions that arrive by telephone in Room 110. "Who is the Freshman adviser?" "Where is Mary Smith 9th period?" "What do you need to take five majors?" Receptionist aides answer many similar questions or direct visitors during the day. Some run their legs off finding students in our maze of classrooms for consultation with various Grade Advisers. Once in a while an aide can study but most of the time he is busy.

Library Aides and Hall Guards

Co-operative, hard working aides assist the librarians from zero to tenth period every school day. To qualify, they must have "C" averages and good personal trait ratings. Most aides enjoy especially taking care of the attendance or working at the check-out desk. Every two weeks the aides shift duties so that each one learns all the library operations. Mrs. Craig feels that the library could not function without the help of these dependable and courteous students.

Tackle the Nearest Immediate Problems

The position of Student Hall Guard involves more than many people imagine. Most students think that all the Hall Guards need do is sit and ask to see passes. But in addition, they must prevent running, whistling, yelling and loitering in the halls. They must keep students out of lockers during class periods and pick up scraps and litter dropped by careless students. They must direct visitors with proper passes and assist in any way possible during emergencies.

Front Row: Mr. Edward Oliver, Sidney Jones, Richard Cotton, James Wilson, Stanley Perlmuter.

Real Opportunities Follow

The Matron's Aides are volunteer students who perform humanitarian services by helping Mrs. Carr, the matron, care for temporary illnesses and emergencies. Equipped with bandages, cotton, gauze and tape, they bind up minor sprains until the students can receive medical attention. With soap, rubbing alcohol and Mercurochrome, they cleanse scratches or minor cuts which may occur during the day. Sometimes the first aid takes the form of a little sewing if the damage is confined to a broken strap or rip. All the aides gain valuable experience by caring for the sick. Some develop such an interest in nursing from these experiences in the Matron's office that they choose nursing as a career upon leaving.

The Audio Visual boys help bring the world into the classroom. In charge of projection equipment, they make the use of films and slides possible in all classes. Reproductions of scientific discoveries, views of life among other people, the story of the earth's surface, and other similar important educational manifestations add interest to classroom instruction through visual mediums. The boys, under Mr. Edward Oliver's supervision can be found pushing the audio visual carts around the building at any period of the day. A call by a faculty member will bring the right equipment to the door on time, any time. Boys on the staff must have good scholastic grades and be mechanically able to run and repair the machines.

Vocational Service Training

Office Practice Service is an organization of volunteers who have special ability in typing and mimeographing. Two aides are assigned each period of the day to the Office Practice Laboratory to help with the duplicating needed in classes and organizations. Reams of duplicated materials roll off the machines daily under the aides' eagle eyes. Heaps of bulletins, not too secret tests, and class outlines mimeographed here, help reduce many tedious teacher tasks. Many thanks and much credit should go to these able aides who perform many hours, well beyond the call of duty. One year of typing credit and an "E" or "S" grade in Office Practice and English are part of their eligibility requirements.

Distributive Education came to Hyde Park High School in September, 1960. Students enrolled in the combined course and activity study retailing and merchandising in and out of school. One period a day is spent in class with Mr. Moseley as instructor. The rest of the time is spent working on a part time basis in food, drug, or department stores under careful supervision. A sort of partnership exists between the school and the owners or managers of the stores participating in the program. Students must be seniors and sixteen years of age or over to qualify. The experience is particularly valuable to anyone wishing to make a career of retail or wholesale merchandising or another field of salesmanship.

First hand experience in merchandising is valuable to Bernard Gilmore and Sylvia Mills.

Outstanding Reserve Officer Training Corps Cadets

Hyde Park's Rifle Team entered seven rifle matches this year, winning over DuSable, Phillips, Tilden and Gage Park. In the city-wide competition, our team placed twentieth out of thirty-two participating schools. Each member wears a Rifle Team Ribbon Bar. The best marksman, Leonard McPherson, was awarded the Rifle Marksmanship Medal for his ability. When firing, it is necessary to wear a special shooting jacket which is padded on the shoulders and elbows to give support. To insure safety, all firing is done in the presence of a military instructor.

Promotion to the rank of a Reserve Officer Training Corps officer is an ambition shared by every member of the R.O.T.C. The cadets and officers are promoted through a system called the "Order of Merit." This is an overall evaluation of each R.O.T.C. cadet which includes academic and R.O.T.C. grades plus character ratings. The evaluation is made by a faculty member, a military instructor and by the cadet himself. Each semester, as vacancies occur, new evaluations are made. Lt. Colonel is the highest ranking R.O.T.C. officer at Hyde Park.

The Color Guard, Leonard McPherson, Solen Smith, Warren Mills, William Bolton and Steve Todd carry the "Colors" with pride at assemblies.

The Color Guard at Hyde Park High School is one of the most important squads in the Reserve Officers Training Corps. These straight and trim men carry the flags down the aisle of Loomis Hall at almost every assembly or evening performance. These men of the Color Guard must have the very best military bearing and keep their uniforms spotless. They are trained in precision until they can present the flag in a perfect and dignified manner. Only the best in the R.O.T.C. may carry the flag.

Carry the Flag and Win Competitive Drill Awards

Hyde Park's R.O.T.C. Drill Platoon is one of the best on Chicago's south side. The members proudly display their shield that proclaims that they won third place in the District II Drill Competition. The team is divided into three squads of eleven men each. They begin practice at seven thirty each morning and

drill every day for eight weeks, learning all the drills in the Field Manual. Any R.O.T.C. Cadet who is willing to come that early may try for one of the squads. Students have seen the team drill at "Senior Varieties" and at school assemblies.

R.O.T.C. Cadets Learn

Hyde Park's Reserve Officers Training Corps is organized like an Army Infantry Battalion. Juniors and seniors wear uniforms. The cadets learn basic military tactics. They must study marksmanship, protection in case of atomic warfare, and the United States military policy. In addition they learn leadership, courtesy, cleanliness, and respect for others. When they join the armed forces, they should be able to advance quickly.

Latest Military Tactics

Twice a year, outstanding cadets are awarded medals by both civic and military organizations for excellent performance. A cadet may earn an award for extra duty service and maintenance of honor grades in his academic subjects. He may receive medals for marksmanship, and for cleanliness of person and uniform. The cadets receive R.O.T.C. Officer ranks upon completion of specific training and upon the recommendation of the R.O.T.C. instructors.

Where's the ball? Hyde Park's Indians, Jason Smith, Phillip Spencer, Booker Morris, and Ned Smith battle Dunbar's strength.

City Champs of the blue division in 1959, the Hyde Park Indians went into the white division. Could our newly moved team be the first to make the playoffs? The first league game with Harper ended in a tie. Dunbar, previously a red division team, was our next opponent. They scored one minute after the kickoff. The Indians scored in the second quarter but Dunbar came back in the third. Hyde Park scored again but was one point short. The tribe's first victory of 12-0 against Gage Park tied us with Kelly in league standing. Kelly's power proved too much and put us out of the running. The Indians upset Phillips 24-0 in the last game. We didn't make the playoffs but finished with two wins, one tie, and two defeats.

Flexible, Mike Born stretches for a block.

Attempts to block DuSable's attack by Jerome Harrington gets the ball for Hyde Park.

It's a high jump but Milton Daugherty makes another basket at the South Shore game.

Long legs help Hyde Park make this basket.

Basketball Playoffs Put Team

The Basketball Team's second season with the Red Division started with two wins for the Indians against Tilden and Englewood. The tide turned, however, and DuSable and Phillips defeated Hyde Park by seven points in each of the next two games. In a close game with Dunbar, the Braves came out on top.

The second Englewood game which opened the second half of the season was a very close, see-saw game which Hyde Park won in the last few minutes. This game put the Indians in the playoffs. By dropping league games to DuSable, Phillips and Dunbar, Hyde Park finished the season with four victories and six defeats.

From the bench, Mr. Schultz and Lewis Moore urge the batter to watch for a curve.

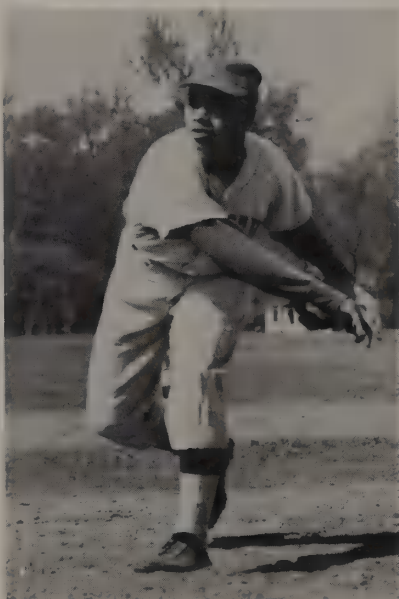

Strike three, and Harper is out. Hyde Park gets another chance.

Baseball and Track

Hyde Park and Englewood have been baseball rivals for more than fifty years. It was a warm Thursday in May of 1960 when we last played Englewood. The air was filled with cries of: Run! Slide! Three strikes! You're out! Kill the umpire! Hyde Park was winning this game after a long series of defeats. A 12-7 victory encouraged the boys but their glory was short lived. Only one more win was chalked up during the 1960 season. Coach Schultz has high hopes for the new season.

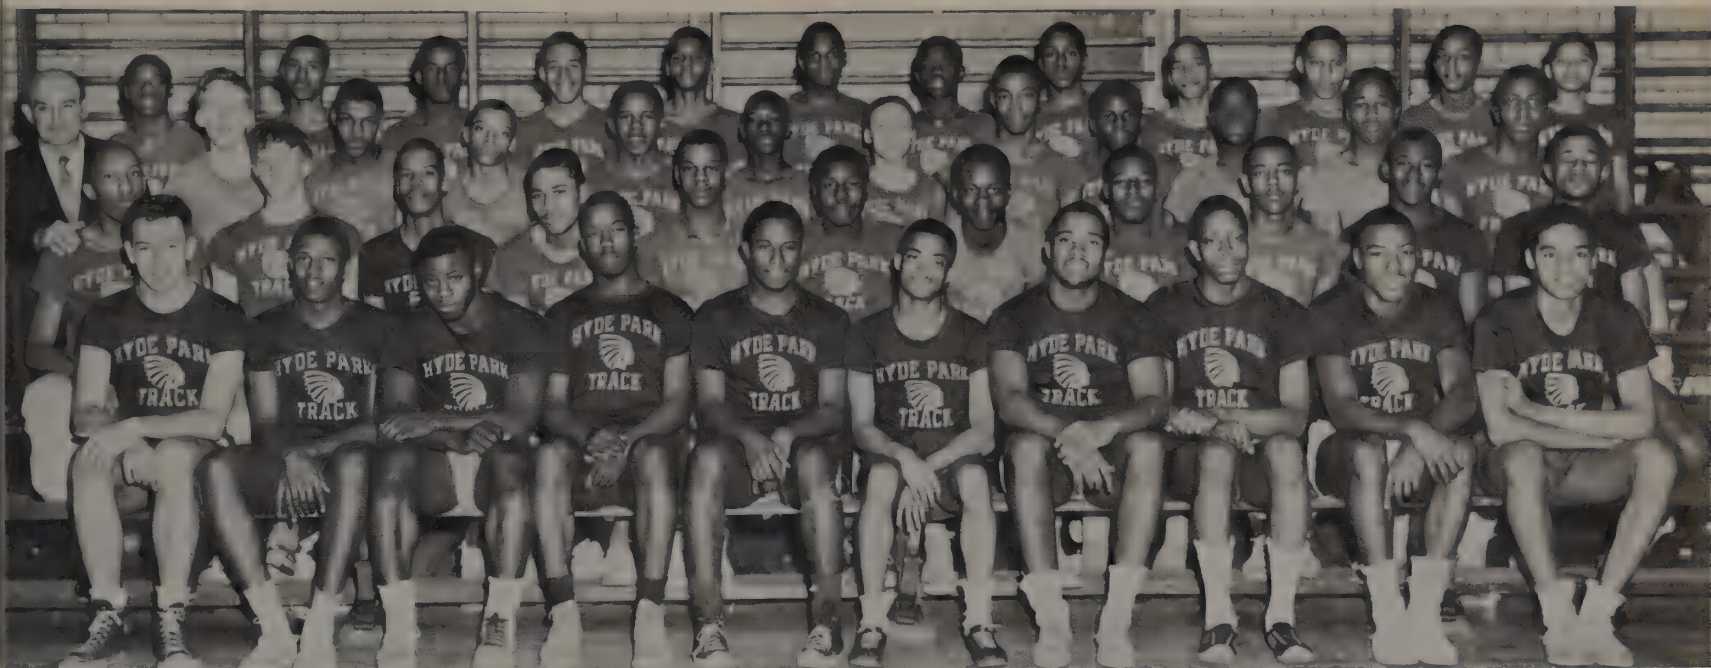

Lead off from first gives Walter Baker a head start.

Starting pitcher is James Johnson.

Dominate Spring Sports

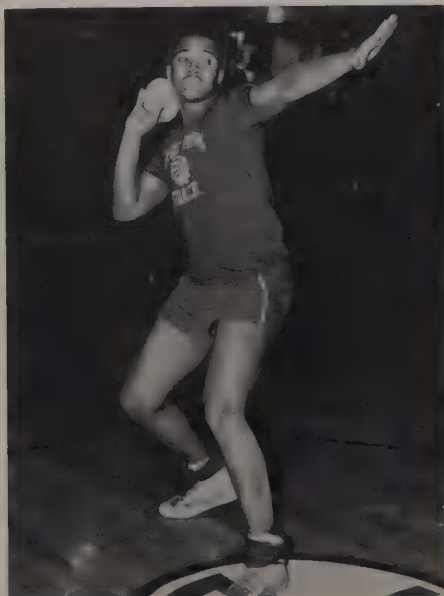

Hyde Park's Indoor Track Team met its first competition of the 1961 season on Saturday, March 4th, at the University of Chicago Field House. This was an all-city meet and the rivalry was keen. The junior team outclassed the senior team by winning seven points to one. Ronald Doke came in third in the four hundred and forty yards run, thus winning most of the points for Hyde Park. They placed seventh in the meet. The senior team came in thirteenth with only one point in their favor.

At the shot of the gun, Leon Mitchell, Phil Spencer, Gil Harrell, Booker Wilson and Leon Cherry explode from the starting blocks.

The combined senior and junior swim teams showed considerable improvement this season. Fred Hashimoto placed fourth in the city hundred yard free style with Robert Danon third in the forty yard butterfly. Robert Lewis won fifth place in the city hundred yard breast stroke for the seniors. The aquamen of both teams won ten meets during the season. Mr. Long hopes for further improvement next spring semester.

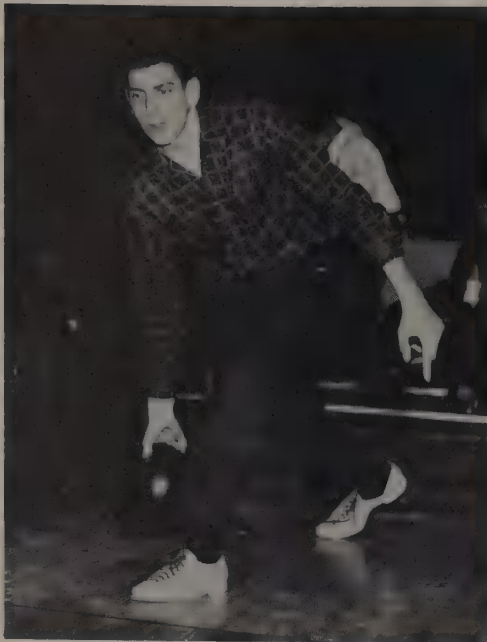

The back stroke race is on and Bruce Baker speeds along toward breaking the record.

Eyes closed and spouting like a whale, Preston Bowie splashes his way across the pool.

Deep breaths and powerful strokes lead Steve Shufro across the pool to a fine finish.

Intent on achieving anything but a gutter-ball, Dennis Reiss concentrates to the utmost.

Bowling Newly Inaugurated

Bowling was inaugurated at Hyde Park High School last October. Learning that the school did not have a league, Mr. Bristow requested permission from the Junior Bowling Congress and from Dr. Watters to organize the new activity. Sixteen boys responded to the call. They meet regularly every Tuesday afternoon at the South Shore Bowling Lanes. Requirements for membership are quite simple. The key word is reliability.

A group of girls, learning of the boys' league, requested permission to organize one of their own. Mrs. Coughlan agreed to sponsor this group. Twenty-four girls now turn out each week to bowl. The groups have not competed with other schools yet, but hope to do so eventually, when they have acquired more skill. Mr. Bristow stated, "The response for the first year of bowling is a wonderful indication for the future of the sport."

Scorer, Mike Smith, adds for Lance Brooks, Bob Schwartz, Tito Urian and Harold Woods.

A picture of determination, Robert Schwartz exhibits his perfect bowling technique.

Coordination is essential for Cordell Pierce if he expects to make a perfect strike.

Strike or spare? Steve Morris' thoughts are focused on the outcome of the next ball.

G.A.A. Sponsors

The Girls' Athletic Association is the largest and most active organization in Hyde Park. Every tenth period, some G.A.A. group can be found in the girls' gym practicing. Swim, track, volleyball, soccer, badminton and ping-pong tournaments are sponsored by G.A.A. for its members. A party is given each semester to welcome the new freshies and to elect a freshie queen.

Outstanding athletes receive recognition at the G.A.A. awards assembly each semester. The awards range from a 500 point emblem to the coveted chevron. All of the awards require an "E" or "S" in gym, a medical and dental check up, and participation in several G.A.A. activities. A posture queen is crowned at this assembly.

The organization is composed of officers, a board of representatives, and members. Award winning girls are also board members. The G.A.A. officers are: Bobbie Garner, president; Anna Reid, vice-president; Jean Dawkins, secretary; and Joan Dawkins, treasurer. Miss Iris Gray is the G.A.A. adviser.

Bottoms up! Leader, Barbara Smith aids Antoinette Crossgrove to avoid mishaps.

Many Tournaments

The **Advanced Gym Class** is made up of girls who have shown outstanding talent in a regular class. They learn advanced techniques and fine points of the games. After a semester of Advanced Gym, the girls are eligible for the Leaders Class.

The **Leaders** assist the Physical Education teachers with the activities of regular gym classes. They often referee games or demonstrate proper techniques. The leaders meet together for instruction one period a day and then donate another period toward serving the gym department. Our Leaders are our future gym teachers.

LEADERS Back Row: Juanita James, Anna Reid, Barbara Olsen, Sonja Malone, Betty Martin, Karen Harris, Saretta Scott, Janice Allen, Nancy Wehmhoff, Mary Dial, Cherl Allen, Miss Donnis Thompson. **Second Row:** Jean Dawkins, Theodosia Sanders, Graceann Crawley, Barbara Smith, Susan Hubble, Pat Calloway, Minnie Clark, Marcia Netherland, Ewania Walker. **Third Row:** Sherry Jenkins, Sandra Buchanan, Marilyn Reynolds, Diane Raines, Sandra Sykes, Sharon Jacobs, Ezella Booth, Betty Anderson, Barbara Smith. **Front Row:** Eleanor Mason, Bobbie Garner, Wanda Wilburn, Rebecca Johnson, Frances Thomas.

The Majorettes, sponsored by Mrs. Adah Maurer, are a new addition to the cheering section of Hyde Park High School. Led by Searcy Raspberry, captain, they practiced during the summer vacation in Jackson Park to be ready for the football season. Their baton twirling and high stepping were exhibited between the halves of every single football game during the 1960 season. They also revealed some new tricks at "Senior Varieties" in January.

Pepsters Cheer,

During half time at the Phillips game, Majorettes Beverly Banks, Joycelyn Candiff, Searcy Raspberry and Ophelia Adams step high.

*Sincerely
Adah Maurer*

Leaders of Modern Dance Club, Jacqueline Barron, Pat Baker and Marcia Netherland show the group one of the intricate formations.

CHEERLEADERS Back Row: Sally Schapiro, Paula Engel, Lynn Gross, Linda Heim, Carolyn Stanford, Patricia Baker. Middle Row: Frances Marcus, Marilyn Pino, Sandra Adams, Diane Moy. Front Row: Anita Murray, Janell Morgan, Renee Hinton.

The Cheerleaders are selected each year in competition with all Pep Club members. Only the peppiest of these and the most loyal school rooters get to wear the sweaters. These active girls must have strong voices and lithe bodies for they not only must shout themselves hoarse at football and basketball games, but they must jump and twist, turn and twirl, and sometimes even do the splits. The president is Anita Murray; co-captains are Sandra Adams and Sally Schapiro.

Twirl and Dance

Modern Dance, one of the G.A.A. activities, is unique in that the three dance leaders, Patricia Baker, Marcia Netherland and Jacqueline Barron teach the other members. Meeting every Wednesday, the girls first exercise to tone and limber up the body. They then learn dance steps to acquire grace and muscular coordination. Some of the dance steps are derived from classical ballet and some are jazz forms. Much of the work is interpretative and can be applied with many variations to ballet figures. Modern Dance members helped make "Senior Varieties" a success in January by their own acts and by helping the others.

MODERN DANCE Back Row: Paulette Leverette, Mari-esther Redd, Mildred Dailey, Patricia Ford, Beverly Crone, JoAnn Smith, Ophelia Adams. Remember the Snow?

The school year draws to a close. Students hurry about getting their yearbooks signed, finding lost textbooks, and making up late assignments. Seniors have that far away look in their eyes as the excitement of graduation mixes with the sadness of leaving fond friends. Teachers no longer plod through snow to get to school. Students no longer stand in sleet waiting for busses.

Administrators and teachers, promoted to higher posts, leave memories of accomplishments. The new language laboratory with its complicated machinery that doesn't work; the experimental

classes with new techniques; the new chemistry and physics equipment in freshly decorated rooms; all brought new experiences. Assemblies like the Faculty Volleyball Game and the Faculty Stage Show caused laughter at teacher's antics; musical concerts thrilled our hearts; club meetings took us out of classes; all now are pleasant memories.

We look forward to new experiences, to summer school, to days at the beach, to vacations in the country. We look forward to that fifth major, and to new teachers who bring fresh ideas.
